AROUND WHITE MOUNTAINS IN WINTER

With a heater to warm the car, and a small oil stove on which to prepare the dinner, Norway tourists made a trip around the mountains, Sunday, February 2. They enjoyed all the comforts of summer, but without dust, heat and heavy traffic. In addition, they plunged into real winter scenery which only can be found at its best among the ice-coated mountains.

Excellent roads were found over the route that included Bridgton, Fryeburg, Conway, Crawford Notch, Twin Mountain, Jefferson, Gorham Notch and Gorham. Basket Ball

South Paris 24; Norway 15

South Paris High School quintet had the edge on Norway High School, Friday night, and closed a rather loose contest with a nine-point lead. Playing was fast at times, with a mixture of fumbling and wild shooting. The sideline crowd in the Norway gym overtaxed the seating capacity and hampered the players considerably.

South Paris snapped into the lead almost on the start and had the first quarter 9-5. Both sides struggled hard in the second period, which closed with Paris leading 15-10. The visitors increased the lead slightly during the third period and finished to the tune of 24-15.

Field goals were scarce while both made a good performance on the free-toss line, which accounted for nearly one-half of the points made by the home contingent. The visitors were a trifle behind on locating the ring for free shots, and lost a number of points through this miscalculation. Summary:

The Norway girls capped the lid on their South Paris sisters during the preliminary that went through as a real battle, ending 43-39, in favor of the home defenders.

Norway girls leading 23-13 at the half seemed to be on Easy Street with a safe margin, but this ratio was lowered during the Paris rally that nearly reached the danger line for Norway before the final whistle. The spectacular contest wound up Norway 4 points ahead.

KNIGHTS OF PYTHIAS NOTES

Pennesseewassee Lodge finished the month of January with many activities and others mapped out for the coming weeks.

The rifle team under George Tubbs has split even in two matches with Co. C 103rd Infantry, and will shoot the rubber at an early date. The boys practice after lodge meeting every Thursday night and Coach Tubbs is whipping a strong outfit into fine condition. Bill Smith, a worthy hunter, is keeping his eye clear during the practice hour for big game next fall, nothing smaller than moose is his ambition.

The dance committee under Wm. H. D. Smith, James Harvey and Rupert Tracy has more dances on their program. The next will be held in K. of P. Hall, February 7. These assemblies are for the Knights and invited guests as a social feature connected with the lodge work. These dances have been a success.

Progress has been made on the drama now in rehearsal. Playing date will be announced soon.

A new game has been added to social hour this week. At present a bit of mystery surrounds it, but old timers will have their inning at the bat if they turn out and investigate.

AMERICAN AND SPANISH PAPER

Bruce Hosmer of the regular army, stationed at Panama, is visiting friends and relatives here. He gave us a copy of the Panama American. The Spanish part we can't read, but he says he can. He has been there some three years.

He likes and will return on the expiration of his furlough. He is a son of H. H. Hosmer of this town.

RETURNED AFTER MANY YEARS

Yellow with age and after an absence of thirty-two years the note has returned. It was for $1,500.00 with interest payable to the Norway National Bank. Its makers were: S. B. Locke, F. W. Sanborn, F. H. Noyes, W. H. Whitcomb and S. D. Andrews and the money was used in settling the affairs of the Oxford County Loan Association.

It was paid many years ago, but not so marked. The papers accompanying it were from the office of Wilson & Gray of South Paris and were called "memo. of Agreement" and "Assignment". All the parties involved except Walter L. Grey and F. W. Sanborn are gone.

The present bank cashier, F. E. Smith, returns them with this note: "Cleaning house and found these curiosities, look them over and throw in the wastebasket."

We may and may not comply; may keep them for the generations to come. We have a big attic over the office.

COMMUNITY CHRISTMAS ECHOES

Its nice to be able to give Christmas cheer throughout the whole year. That's what you kind hearted people did who gave so generously toward Community Christmas. Not alone of your money, but clothing and real home made jellies and canned fruits and vegetables. Such an abundance of nice rosy checked apples. So many hearts were made glad for Christmas and we have had many opportunities, recently to furnish warm clothing where it was much needed.

The W. T. C. U. are more than glad to act as Santa Claus and have a very efficient committee to look out for this work. Mrs. Maude Decoster is chairman of the charity committee and has some willing helpers scattered in different parts of the town, who are on the watch for opportunities to carry comfort and supply need.

Smoke from a burning chimney settled on the roof at the Noyes Block early Thursday morning was mistaken for a serious blaze and an alarm was sounded from box 28. The fire department responded, but chemicals extinguished the burning soot.

Plans are going forward for the Patriotic Get-together at American Legion Hall, Wednesday evening, Feb. 12. All patriotic organizations in Norway and South Paris are co-operating for a fine evening. Supper at 6:30 will be followed by an entertainment.

The February meeting of the W. C. T. U. will be held at Community Hall, Wednesday, Feb. 12. Lunch will be served at 1 p. m., in charge of Mrs. Florence Stone, Mrs. Elizabeth Getchell and Mrs. Florence Card. The South Paris W. C. T. U. are invited. A most interesting program is being prepared.

There was a large attendance at the meeting of Odd Fellows, Tuesday evening, due in part to the indor baseball games now being played after the meeting. Darts on a marked board represent the various plays and determine the scores. Two teams will be chosen, and later games will be played with other lodges now active in the same sport.

Club Drama

Norway Woman's Club Met Tuesday

The Norway Woman's Club met Tuesday afternoon at the American Legion Hall, which was filled nearly to capacity, as the program was an unusual one for the club. The meeting opened with community singing, "America the Beautiful" and the club collect, Mrs. Grace Brown, president, presiding.

Invitation was received and accepted from the South Paris Community Club to attend their meeting of February 25th, when Mrs. Morrill Hamlin of Portland will speak on International Relations. Mrs. Bertha S. Noyes, who attended the mid-winter meeting of the Maine Federation of Women's Clubs at Augusta the past week, gave a report of the meetings.

Under the direction of Mrs. Annie Knight, the two act comedy drama, "Mr. Bob" was presented with the following cast, all members of the club. Miss Rebecca Luke, a maiden lady, with a fondness for cats, Mrs. Harriet Brown; Katherine Rogers, her niece, bent on a lark, Mrs. Geneva Partridge; Marion Bryant, Katherine's friend, who proves to be "Mr. Bob", Mrs. Molly May; Philip Royson, Miss Luke's nephew, who makes a compact to give up his yacht, which he loves, if his aunt will give up her cats, Mrs. Annie Knight; Robert Brown, clerk for Benson & Benson, architects, who figures in the mix-up, Mrs. Edith Easton; Jenkins, Miss Luke's butler, fond of Patty and also of Shakespeare (for Patty's sake), Mrs. Bessie Hill; Patty, the maid, "dying" to get on the stage as a dancer, Mrs. Agnes McCready. It proved a great success, every part finely executed, and the audience was kept in laughter every minute.

At the last curtain the actors were all recalled, and each one was presented with a bouquet of flowers, these being arranged in baskets on the stage for decoration. A social hour rollowed and tea was served.

The next meeting will be "Gentlemen's Night", Wednesday evening, Feb. 19, at the Legion Hall. The speaker of the evening will be Dr. Ernest Gruening, editor of the Portland Evening News, who comes to Norway highly recommended as a most pleasing and interesting speaker. His subject will be "Propaganda and Formation of Public Opinion", which is very apropos at this time. The banquet will be served by the Ladies' Auxiliary to the American Legion.

TWIN TOWN NATURE CLUB

The Twin Town Nature Club held its February meeting, Monday evening at the Ladies' Parlor in the South Paris Baptist church, a most enjoyable session, with large attendance, many of the Norway members attending. The hostesses were Mrs. Flora Webster and Mrs. Bessie Pierce. The meeting opened with the club collect and reports of the treasurer and minutes of the last meeting.

For the roll call response, each one gave a story or an interesting experience. A bird list of the feathered friends that had been seen during the month of January showed 26 different kinds, which was a surprise. They were as follows: Snow Bunting, Evening Grosbeak, Chickadee, Song Sparrow, English Sparrow, Goldfinch, Pine Grosbeak, White Winged Cross Bill, Tree Swallow, Pilated Woodpecker, Hairy Woodpecker, Downey Woodpecker, Red Pole, Gull, Partridge, Starling, Robin, Brown Creeper, Grebe Duck, White Breasted Nut Hatch, Red Breasted Nut Hatch, Junco, Cowbird, Golden Crowned Kinglet. Mrs. A. D. Park of South Paris, who has been caring for a female Pine Grosbeak that was found in the snow near Paris Hill a short time ago, exhausted and disabled, had the bird on exhibition. She has recovered nearly to normal and has a sturdy appetite and was much admired at close range. She escaped from the basket twice during the evening, but was easily caught. She has grown to know Mrs. Park and is not shy of her.

The entertainment for the evening was furnished by Harry A. Morton, who showed moving pictures taken by himself. The first were about his cottage on the shore of Lake Pennesseewassee, Norway; the lumbering camps and some of the lumbering operations at Crystal, N. H., carried on by the Paris Mfg. Co., of which he is a member; and then followed pictures taken on his recent trip to Newfoundland, and on the way, the Bingham dam operations. These were greatly enjoyed. The March meeting will be held at the home of Mr. and Mrs. Fred H. Cummings, Norway.

A PAIR OF SIXES

Knights of Pythias 1930 Show

Working on the supposition that everybody loves to laugh, the Norway K. of P.'s have chosen for their annual show "A Pair of Sixes" a farce comedy by Edward Peple, with a cast of eight males and four females.

Written with the sole purpose of provoking laughter, the cast is composed of two business partners, the exact opposites, temperamentally, who furnish much wholesome fun in their bickering and bantering, ably assisted by the hysterical wife of one and the cool, calm, and typically modern sweetheart of the other, while their lawyer tries to untangle both matrimonial and business troubles, without much success.

Continually feeding the flame of discontent between the partners, is the hard boiled office boy, the gum chewing and sophisticated typist, the solemn and pessimistic bookkeeper, the live wire salesman, his prospective customer, the shipping clerk, and the lovesick comedy maid. If your doctor tells you laughter, and lots of it, is detrimental to your health, don't attend, it might prove fatal. With a cast of Norway's best amateurs, working diligently to please you, and give you an evening of fun, the sponsors of this show believe they have chosen the right type of show to do it.

The show will be staged as soon as it is perfected and with every line a laugh, what more can you ask for one evening? The show is directed by Harold A. Anderson of Norway.

Miss Geraldine Paragard entertained the "Whoozee Gang", Thursday evening, Jan. 30, in honor of her seventeenth birthday. Card playing and other games were enjoyed. Afterwards dainty refreshments, consisting of sandwiches, orangeade, cake and ice cream were served by the hostess. Those present were the Misses Eleanor Rich, Lila Emerson, Beatrice Paul, Beatrice Gallant, Margaret Hill, Clara Edwards, Athalie Perry and the hostess.

Geo. W. Herrick celebrated his 80th birthday, Jan. 26th. He was invited to his grandnephew's, Warren Herrick's, where a bountiful dinner was served and met with other friends in Haverhill, then they all met at the home of Mr. and Mrs. F. F. Drew, where he has been stopping. After partaking of a delicious supper of cake and ice cream, etc., the evening being spent in sociability, he was presented with a nice bath robe and enjoyed receiving many letters and cards from his many friends.

NORWAY NURSING SERVICE

During the month of January, 136 calls were made in the interests of the Nursing Service, 52 of these instructive visits, 10 bedside visits, 2 investigation visits and 72 of a miscellaneous nature.

The schools received 31 visits, 176 school children were inspected—this concludes the annual physical inspection for the year. Among those inspected this month, 62 were referred to dentists, 25 to physicians and 23 to oculists.

Many of the pupils are beginning to have their corrective work done and some have already completed their work. Eager interest is being awakened in the six and seven point child activity this year. In one school visited, teacher and children are aiming to be 100 per cent seven point healthy, and to qualify before the first of May.

Five meetings of the class in Home Hygiene and Care of the Sick were held. Three Mothers' Conferences were arranged at the office. Seventy-seven people made office calls for consultation.

Miss Drake of the Board of Public Welfare visited the office during the month. Mrs. Theresa Anderson, supervising nurse of the Maine Public Health Association, spent one day in January with the Nursing Service, studying methods now in use, talking over activities and making suggestions for broader plans for future work.

During the month $11.00 in fees were taken in and turned in to the treasury. General expenses pertaining to the work amounted to $40.25.

The Nursing Service office is located at 174 Main Street and visitors are always welcome, whether they come for professional consultation or merely as good citizens who are interested in learning what is being done in the town along health lines and what facilities are on hand to be made use of.

Mrs. Bertha Evirs of Dorchester, Mass., is visiting her son, Raymond Evirs, and wife, at their home on Main Street.

Mrs. Bella Fletcher and Mrs. Hazel Conary attended the second district conference of the American Legion Auxiliary held in Lewiston on January 30.

Obituary

George L. Hancock

George L. Hancock passed away suddenly early Sunday morning, from a heart attack. His wife was awakened by his heavy breathing and he died before a physician could be summoned. Mr. Hancock was apparently in his usual health, Saturday, and passed the early evening at the Weary Club chatting with friends.

The deceased was born in Otisfield, Jan. 6, 1861, the son of Moors and Esther Haskell Hancock. He had been a farmer and retired some nineteen years ago, settling in Norway Village. For some time he was driver of the mail team and later was employed in the shoe shop and carried on a garden at his premises on Crescent Street.

He leaves his wife, who was Ida C. French; a son, John M. Hancock of Bolster's Mills, and a granddaughter, Mrs. Bertram Butters, and three great grandchildren.

The funeral was held at his late home, 14 Crescent Street, Tuesday afternoon, attended by Rev. John Singleton of the Methodist Church. Burial will be in the family lot at Bolster's Mills.

William H. Stone

William Harrison Stone passed away suddenly at his home on Water street, Saturday morning, although he had been in failing health for a long time. He was born in 1858, the son of Geo. W. and Mary A. (Jordan) Stone at Leominster, Mass., and came to Albany when a young child and was educated in the schools there.

The greater part of his life was spent in Norway and he worked in the shoe factory and later went to farming until his buildings were burned, when he sold the land.

In 1909 he lost his right hand and part of his arm. Although greatly handicapped he worked for a number of years until ill health forced him to stop. He was always a patient sufferer, never complaining of his loss, but trying to make the best of it.

He was of Methodist belief and a member of the church.

He is survived by his wife, Mrs. Adelaide M. Stone, one daughter, Mrs. Philip M. Everett, five grandchildren, two sisters, Miss Anna M. Stone and Mrs. Emma F. Wilkins of Norway, two brothers, Charles of Albany and Herbert of Lovell, besides many nephews and nieces.

A son, William Henry Stone, was the first Norway man to die overseas during the world war, and for him the Legion Post at Norway is named.

The funeral was held at Spiller's funeral home at 2 o'clock, Monday, attended by Rev. John Singleton. Burial will be in Pine Grove Cemetery.

Mrs. Fred Rowe

The death of Mrs. Ella F., wife of Fred Rowe, occurred early Tuesday morning, Feb. 4, at her home on Cottage Street. Some weeks ago she fell on the ice, injuring her knee and an operation was performed. She was making good recovery when seized with a heart attack and passed away about 1:30 in the morning.

Mrs. Rowe was born in Norway, Mar. 17, 1854, the daughter of Timothy and Mary Goss Frost. She attended the Norway schools and after her marriage to Fred Rowe they resided a number of years on the Rowe homestead farm on Fore Street in Oxford. They moved to Cottage Street in Norway Village twenty-two years ago.

She was a member of the Barton Reading Club and at one time active in the Grange.

Besides her husband, she leaves one son, Fred Rowe, Jr., of Saco, and a sister, Mrs. Cora Mains, of South Portland. There are also other relatives.

The funeral will be at her late home on Cottage Street, Friday, at 2 p. m. Rev. Pliny A. Allen will conduct the service. Friends to act as bearers are Chas. A. Richardson, James N. Favor, Geo. A. Borneman and S. B. Cummings. Burial will be at Pine Grove Cemetery.

Miss Frances Doten

Miss Frances Doten died Sunday, Feb. 2, at the home of Clifford C. Frost, Tucker street, Norway, where she had been employed as housekeeper for some months. She formerly resided in South Paris.

Miss Doten was born in North Yarmouth, Oct. 10, 1862, the daughter of John and Harriette J. Hamilton Doten.

She leaves one brother, Linwood H. Doten of South Paris and a sister in the state of Washington.

Previous to this he had been in Boston to the Massachusetts General Hospital for a slight surgical operation on his face. All is well and both are glad to be once more in good old Norway.

AROUND WHITE MOUNTAINS IN WINTER

With a heater to warm the car, and a small oil stove on which to prepare the dinner, Norway tourists made a trip around the mountains, Sunday, February 2. They enjoyed all the comforts of summer, but without dust, heat and heavy traffic. In addition, they plunged into real winter scenery which only can be found at its best among the ice-coated mountains.

This novel mid-winter excursion was made by Mr. and Mrs. Fred Perry and Mr. and Mrs. Carl Perry. Excellent roads were found over the route that included Bridgton, Fryeburg, Conway, Crawford Notch, Twin Mountain, Jefferson, Pinkham Notch and Gorham. The distance covered was 225 miles, from 9 a. m. to 6 p. m.

Basket Ball

South Paris 24; Norway 15

South Paris High School quintet had the edge on Norway High School, Friday night, and closed a rather loose contest with a nine-point lead. Playing was fast at times, with a mixture of fumbling and wild shooting. The sideline crowd in the Norway gym overtaxed the seating capacity and hampered the players considerably.

South Paris snapped into the lead almost on the start and had the first quarter 9-5. Both sides struggled hard in the second period, which closed with Paris leading 15-10. The visitors increased the lead slightly during the third period and finished to the tune of 24-15.

Field goals were scarce while both made a good performance on the free-toss line, which accounted for nearly one-half of the points made by the home contingent. The visitors were a trifle behind on locating the ring for free shots, and lost a number of points through this miscalculation. Summary:

The Norway girls capped the lid on their South Paris sisters during the preliminary that went through as a real battle, ending 43-39, in favor of the home defenders.

Norway girls leading 23-13 at the half seemed to be on Easy Street with a safe margin, but this ratio was lowered during the Paris rally that nearly reached the danger line for Norway before the final whistle. The spectacular contest wound up Norway 4 points ahead.

KNIGHTS OF PYTHIAS NOTES

Pennesseewassee Lodge finished the month of January with many activities and others mapped out for the coming weeks.

The rifle team under George Tubbs has split even in two matches with Co. C 103rd Infantry, and will shoot the rubber at an early date. The boys practice after lodge meeting every Thursday night and Coach Tubbs is whipping a strong outfit into fine condition. Bill Smith, a worthy hunter, is keeping his eye clear during the practice hour for big game next fall, nothing smaller than moose is his ambition.

The dance committee under Wm. H. D. Smith, James Harvey and Rupert Tracy has more dances on their program. The next will be held in K. of P. Hall, February 7. These assemblies are for the Knights and invited guests as a social feature connected with the lodge work. These dances have been a success.

Progress has been made on the drama now in rehearsal. Playing date will be announced soon.

A new game has been added to social hour this week. At present a bit of mystery surrounds it, but old timers will have their inning at the bat if they turn out and investigate.

AMERICAN AND SPANISH PAPER

Bruce Hosmer of the regular army, stationed at Panama, is visiting friends and relatives here. He gave us a copy of the Panama American. The Spanish part we can't read, but he says he can. He has been there some three years.

He likes and will return on the expiration of his furlough. He is a son of H. H. Hosmer of this town.

RETURNED AFTER MANY YEARS

Yellow with age and after an absence of thirty-two years the note has returned. It was for $1,500.00 with interest payable to the Norway National Bank. Its makers were: S. B. Locke, F. W. Sanborn, F. H. Noyes, W. H. Whitcomb and S. D. Andrews and the money was used in settling the affairs of the Oxford County Loan Association.

It was paid many years ago, but not so marked. The papers accompanying it were from the office of Wilson & Gray of South Paris and were called "memo. of Agreement" and "Assignment". All the parties involved except Walter L. Gray and F. W. Sanborn are gone.

The present bank cashier, F. E. Smith, returns them with this note: "Cleaning house and found these curiosities, look them over and throw in the wastebasket."

We may and may not comply; may keep them for the generations to come. We have a big attic over the office.

COMMUNITY CHRISTMAS ECHOES

Its nice to be able to give Christmas cheer throughout the whole year. That's what you kind hearted people did who gave so generously toward Community Christmas. Not alone of your money, but clothing and real home made jellies and canned fruits and vegetables. Such an abundance of nice rosy checked apples. So many hearts were made glad for Christmas and we have had many opportunities, recently to furnish warm clothing where it was much needed.

The W. T. C. U. are more than glad to act as Santa Claus and have a very efficient committee to look out for this work. Mrs. Maude Decoster is chairman of the charity committee and has some willing helpers scattered in different parts of the town, who are on the watch for opportunities to carry comfort and supply need.

Smoke from a burning chimney settled on the roof at the Noyes Block early Thursday morning was mistaken for a serious blaze and an alarm was sounded from box 28. The fire department responded, but chemicals extinguished the burning soot.

Plans are going forward for the Patriotic Get-together at American Legion Hall, Wednesday evening, Feb. 12. All patriotic organizations in Norway and South Paris are co-operating for a fine evening. Supper at 6:30 will be followed by an entertainment.

The February meeting of the W. C. T. U. will be held at Community Hall, Wednesday, Feb. 12. Lunch will be served at 1 p. m., in charge of Mrs. Florence Stone, Mrs. Elizabeth Getchell and Mrs. Florence Card. The South Paris W. C. T. U. are invited. A most interesting program is being prepared.

There was a large attendance at the meeting of Odd Fellows, Tuesday evening, due in part to the indor baseball games now being played after the meeting. Darts on a marked board represent the various plays and determine the scores. Two teams will be chosen, and later games will be played with other lodges now active in the same sport.

Club Drama

Norway Woman's Club Met Tuesday

The Norway Woman's Club met Tuesday afternoon at the American Legion Hall, which was filled nearly to capacity, as the program was an unusual one for the club. The meeting opened with community singing, "America the Beautiful" and the club collect, Mrs. Grace Brown, president, presiding. An invitation was received and accepted from the South Paris Community Club to attend their meeting of February 25th, when Mrs. Morrill Hamlin of Portland will speak on International Relations. Mrs. Bertha S. Noyes, who attended the midwinter meeting of the Maine Federation of Women's Clubs at Augusta the past week, gave a report of the meetings.

Under the direction of Mrs. Annie Knight, the two act comedy drama, "Mr. Bob" was presented with the following cast, all members of the club. Miss Rebecca Luke, a maiden lady, with a fondness for cats, Mrs. Harriet Brown; Katherine Rogers, her niece, bent on a lark, Mrs. Geneva Partridge; Marion Bryant, Katherine's friend, who proves to be "Mr. Bob", Mrs. Molly May; Philip Royson, Miss Luke's nephew, who makes a compact to give up his yacht, which he loves, if his aunt will give up her cats, Mrs. Annie Knight; Robert Brown, clerk for Benson & Benson, architects, who figures in the mix-up, Mrs. Edith Easton; Jenkins, Miss Luke's butler, fond of Patty and also of Shakespeare (for Patty's sake), Mrs. Bessie Hill; Patty, the maid, "dying" to get on the stage as a dancer, Mrs. Agnes McCready. It proved a great success, every part finely executed, and the audience was kept in laughter every minute.

At the last curtain the actors were all recalled, and each one was presented with a bouquet of flowers, these being arranged in baskets on the stage for decoration. A social hour rollowed and tea was served.

The next meeting will be "Gentlemen's Night", Wednesday evening, Feb. 19, at the Legion Hall. The speaker of the evening will be Dr. Ernest Gruening, editor of the Portland Evening News, who comes to Norway highly recommended as a most pleasing and interesting speaker. His subject will be "Propaganda and Formation of Public Opinion", which is very apropos at this time. The banquet will be served by the Ladies' Auxiliary to the American Legion.

TWIN TOWN NATURE CLUB

The Twin Town Nature Club held its February meeting, Monday evening at the Ladies' Parlor in the South Paris Baptist church, a most enjoyable session, with large attendance, many of the Norway members attending. The hostesses were Mrs. Flora Webster and Mrs. Bessie Pierce. The meeting opened with the club collect and reports of the treasurer and minutes of the last meeting.

For the roll call response, each one gave a story or an interesting experience. A bird list of the feathered friends that had been seen during the month of January showed 26 different kinds, which was a surprise. They were as follows: Snow Bunting, Evening Grosbeak, Chickadee, Song Sparrow, English Sparrow, Goldfinch, Pine Grosbeak, White Winged Cross Bill, Tree Swallow, Pilated Woodpecker, Hairy Woodpecker, Downey Woodpecker, Red Pole, Gull, Partridge, Starling, Robin, Brown Creeper, Grebe Duck, White Breasted Nut Hatch, Red Breasted Nut Hatch, Junco, Cowbird, Golden Crowned Kinglet. Mrs. A. D. Park of South Paris, who has been caring for a female Pine Grosbeak that was found in the snow near Paris Hill a short time ago, exhausted and disabled, had the bird on exhibition. She has recovered nearly to normal and has a sturdy appetite and was much admired at close range. She escaped from the basket twice during the evening, but was easily caught. She has grown to know Mrs. Park and is not shy of her.

The entertainment for the evening was furnished by Harry A. Morton, who showed moving pictures taken by himself. The first were about his cottage on the shore of Lake Pennesseewassee, Norway; the lumbering camps and some of the lumbering operations at Crystal, N. H., carried on by the Paris Mfg. Co., of which he is a member; and then followed pictures taken on his recent trip to Newfoundland, and on the way, the Bingham dam operations. These were greatly enjoyed. The March meeting will be held at the home of Mr. and Mrs. Fred H. Cummings, Norway.

A PAIR OF SIXES

Knights of Pythias 1930 Show

Working on the supposition that everybody loves to laugh, the Norway K. of P.'s have chosen for their annual show "A Pair of Sixes" a farce comedy by Edward Peple, with a cast of eight males and four females.

Written with the sole purpose of provoking laughter, the cast is composed of two business partners, the exact opposites, temperamentally, who furnish much wholesome fun in their bickering and bantering, ably assisted by the hysterical wife of one and the cool, calm, and typically modern sweetheart of the other, while their lawyer tries to untangle both matrimonial and business troubles, without much success.

Continually feeding the flame of discontent between the partners, is the hard boiled office boy, the gum chewing and sophisticated typist, the solemn and pessimistic bookkeeper, the live wire salesman, his prospective customer, the shipping clerk, and the lovesick comedy maid. If your doctor tells you laughter, and lots of it, is detrimental to your health, don't attend, it might prove fatal. With a cast of Norway's best amateurs, working diligently to please you, and give you an evening of fun, the sponsors of this show believe they have chosen the right type of show to do it.

The show will be staged as soon as it is perfected and with every line a laugh, what more can you ask for one evening? The show is directed by Harold A. Anderson of Norway.

Miss Geraldine Paragard entertained the "Whoozee Gang", Thursday evening, Jan. 30, in honor of her seventeenth birthday. Card playing and other games were enjoyed. Afterwards dainty refreshments, consisting of sandwiches, orangeade, cake and ice cream were served by the hostess. Those present were the Misses Eleanor Rich, Lila Emerson, Beatrice Paul, Beatrice Gallant, Margaret Hill, Clara Edwards, Athalie Perry and the hostess.

Geo. W. Herrick celebrated his 80th birthday, Jan. 26th. He was invited to his grandnephew's, Warren Herrick's, where a bountiful dinner was served and met with other friends in Haverhill, then they all met at the home of Mr. and Mrs. F. F. Drew, where he has been stopping. After partaking of a delicious supper of cake and ice cream, etc., the evening being spent in sociability, he was presented with a nice bath robe and enjoyed receiving many letters and cards from his many friends.

NORWAY NURSING SERVICE

During the month of January, 136 calls were made in the interests of the Nursing Service, 52 of these instructive visits, 10 bedside visits, 2 investigation visits and 72 of a miscellaneous nature.

The schools received 31 visits, 176 school children were inspected—this concludes the annual physical inspection for the year. Among those inspected this month, 62 were referred to dentists, 25 to physicians and 23 to oculists.

Many of the pupils are beginning to have their corrective work done and some have already completed their work. Eager interest is being awakened in the six and seven point child activity this year. In one school visited, teacher and children are aiming to be 100 per cent seven point healthy, and to qualify before the first of May.

Five meetings of the class in Home Hygiene and Care of the Sick were held. Three Mothers' Conferences were arranged at the office. Seventy-seven people made office calls for consultation.

Miss Drake of the Board of Public Welfare visited the office during the month. Mrs. Theresa Anderson, supervising nurse of the Maine Public Health Association, spent one day in January with the Nursing Service, studying methods now in use, talking over activities and making suggestions for broader plans for future work.

During the month $11.00 in fees were taken in and turned in to the treasury. General expenses pertaining to the work amounted to $40.25.

The Nursing Service office is located at 174 Main Street and visitors are always welcome, whether they come for professional consultation or merely as good citizens who are interested in learning what is being done in the town along health lines and what facilities are on hand to be made use of.

Obituary

George L. Hancock

George L. Hancock passed away suddenly early Sunday morning, from a heart attack. His wife was awakened by his heavy breathing and he died before a physician could be summoned. Mr. Hancock was apparently in his usual health, Saturday, and passed the early evening at the Weary Club chatting with friends.

The deceased was born in Otisfield, Jan. 6, 1861, the son of Moors and Esther Haskell Hancock. He had been a farmer and retired some nineteen years ago, settling in Norway Village. For some time he was driver of the mail team and later was employed in the shoe shop and carried on a garden at his premises on Crescent Street.

He leaves his wife, who was Ida C. French; a son, John M. Hancock of Bolster's Mills, and a granddaughter, Mrs. Bertram Butters, and three great grandchildren.

The funeral was held at his late home, 14 Crescent Street, Tuesday afternoon, attended by Rev. John Singleton of the Methodist Church. Burial will be in the family lot at Bolster's Mills.

William H. Stone

William Harrison Stone passed away suddenly at his home on Water street, Saturday morning, although he had been in failing health for a long time. He was born in 1858, the son of Geo. W. and Mary A. (Jordan) Stone at Leominster, Mass., and came to Albany when a young child and was educated in the schools there.

The greater part of his life was spent in Norway and he worked in the shoe factory and later went to farming until his buildings were burned, when he sold the land.

In 1909 he lost his right hand and part of his arm. Although greatly handicapped he worked for a number of years until ill health forced him to stop. He was always a patient sufferer, never complaining of his loss, but trying to make the best of it.

He was of Methodist belief and a member of the church.

He is survived by his wife, Mrs. Adelaide M. Stone, one daughter, Mrs. Philip M. Everett, five grandchildren, two sisters, Miss Anna M. Stone and Mrs. Emma F. Wilkins of Norway, two brothers, Charles of Albany and Herbert of Lovell, besides many nephews and nieces.

A son, William Henry Stone, was the first Norway man to die overseas during the world war, and for him the Legion Post at Norway is named.

The funeral was held at Spiller's funeral home at 2 o'clock, Monday, attended by Rev. John Singleton. Burial will be in Pine Grove Cemetery.

Mrs. Fred Rowe

The death of Mrs. Ella F., wife of Fred Rowe, occurred early Tuesday morning, Feb. 4, at her home on Cottage Street. Some weeks ago she fell on the ice, injuring her knee and an operation was performed. She was making good recovery when seized with a heart attack and passed away about 1:30 in the morning.

Mrs. Rowe was born in Norway, Mar. 17, 1854, the daughter of Timothy and Mary Goss Frost. She attended the Norway schools and after her marriage to Fred Rowe they resided a number of years on the Rowe homestead farm on Fore Street in Oxford. They moved to Cottage Street in Norway Village twenty-two years ago.

She was a member of the Barton Reading Club and at one time active in the Grange.

Besides her husband, she leaves one son, Fred Rowe, Jr., of Saco, and a sister, Mrs. Cora Mains, of South Portland. There are also other relatives.

The funeral will be at her late home on Cottage Street, Friday, at 2 p. m. Rev. Pliny A. Allen will conduct the service. Friends to act as bearers are Chas. A. Richardson, James N. Favor, Geo. A. Borneman and S. B. Cummings. Burial will be at Pine Grove Cemetery.

Miss Frances Doten

Miss Frances Doten died Sunday, Feb. 2, at the home of Clifford C. Frost, Tucker street, Norway, where she had been employed as housekeeper for some months. She formerly resided in South Paris.

Miss Doten was born in North Yarmouth, Oct. 10, 1862, the daughter of John and Harriette J. Hamilton Doten.

She leaves one brother, Linwood H. Doten of South Paris and a sister in the state of Washington.

Services were held Wednesday afternoon at Spiller's Funeral Home in Norway, attended by Rev. R. H. Colby of the South Paris Congregational church. The body was placed in the tomb at Norway Pine Grove cemetery.

Daniel E. Bennett

George H. Bennett of Norway received word of the death of his brother, Daniel Edwin Bennett, which occurred January 29th, at Stoneham, Mass.

The deceased was born at Rowe Hill in Greenwood, on the farm known as the Dunham place, December 10, 1848, and was the son of Daniel P. and Narcissa Cushman Bennett. He passed his early years in Greenwood, Bryant Pond and North Bethel. While at the latter place, he was apprenticed to learn the blacksmith trade with Pinkney Burnham at Bethel Hill, but completed his course in Manchester, N. H. For sixty years he followed the trade of expert iron worker and for more than twenty years was foreman in the blacksmith shop at the Ford French carriage factory on Sudbury St., in Boston. Ill health caused him to retire about two years ago.

He leaves a brother, George H. Bennett, of Norway, and one sister, Mrs. John Saylor, of Woodfords. His wife, who was a native of Massachusetts, died last summer. Interment was in Stoneham, Mass.

William H. Fellows

William H. Fellows of Portland died at the Maine General Hospital about 2 o'clock, Wednesday afternoon, where he had been for two weeks for surgery, following some months of failing health.

He was born in Lancaster, N. H., the son of Mr. and Mrs. Edgar H. Fellows and for some years was associated with his father and brothers as the E. H. Fellows Amusement Co., well known at fairs during many seasons with several riding devices.

Mr. Fellows was employed for a time in the B. F. Spinney & Co. factory and moved to Westbrook and Portland some eighteen years ago. For a long time he was expert machinist at the Portland Shoe Co. and employed there up to the time of his going to the hospital. He belonged to the Masonic bodies.

He is survived by his wife, who was before her marriage, Miss Lulu Rich of Norway, and one son, Bertram Fellows, a junior in Portland high school. He also leaves his mother, Mrs. Jennie Fellows of Lancaster, N. H., two brothers and one sister. His father, E. H. Fellows passed away about a year ago after a long illness following a shock.

Alpheus Jackson was home several days from the University of Maine, and returned Sunday afternoon.

Simplicity
The dignified funeral service of today is one of simplicity. Fads and fancies are avoided. And yet, new innovations are continually making themselves felt. Responsibility in these matters rests, to a very large extent, with the mortician. His duty it is to use discriminating judgment in adopting the new and discarding the old. For the modern mortuary and the service of its personnel are the natural outgrowth of the accumulated experience of years.

Subscriptions for the proposed Radio Station are not coming in as fast as we had anticipated. The treasurer's report shows receipts to date, as follows: 3c currency, 4 soap wrappers and 1 cigar coupon. Not a very encouraging showing to the committee, who has worked faithfully and whole-heartedly to bring to realization, an up to date radio station for Fryeburg. In order to encourage contributions to this most worthy project, the committee proposes to inscribe the names of the first one hundred contributors, on a fitting tablet, to be placed in a conspicuous position in the studio, so that visitors may be impressed with the generosity and loyalty of our citizenry toward such a noble enterprise. We have in mind a wonderful tablet at Geo. Warren's, which will be beautifully engraved free of charge by the Fliver art department. The treasury, at present, only lacks 12c of having sufficient funds to purchase this suitable tablet. Be among the first to have your name engraved. Have your name among the one hundred selected, to be admired by an envious populace. Rush in your remittance at once. The slightest delay may mean that you, dear contributor, may be crowded from the coveted honor roll. Contribute today. Delays are dangerous.

Candlemas Day: We've been so busy dodging road hogs, that darned if we've had time to keep an eye open for ground hogs.

If Candlemas Day be bright, just please
Forget about your B. V. D's.
If Candlemas Day be bright we think
The weather prophets are "on the blink."

Here are some jottings by your scribe.
Of just a few things that do not 'jibe.'
Road commissioners and SElect-men,
Straw hats on February ten.
Automobiles, and a barnful of hayy,
P. Jones, and, workin' all the day,
Pink whiskers and red neck-ties,
And C. D. Merrill when he won't advise.
Gingham rompers and Guy L. Whitney,
Edso Watt, when parting with a 'Jitney.'
Fliver ed.'s appetite and his salarEE,
These are just a few things that don't agree.

Here are just a few things, 'Jibe' quite well.
'Boner' Ridlon and Rice Hotel;
Amos and Andy; Jim and Maud;
Punchin' dowels, and Walter Lord;
Good 'ear-flappers' and woolen socks;
Box-shop employees and watchin' clocks;
'Jim' Morrill's yarns, compared with 'Zard's,
C. S. Mason, and shufflin' cards;
Shirley Bros. and the Water Co.;
These 'j.be' quite nicely as you all know.

There was a fair maiden, called 'Weenie' for short,
Who eazed in the miror, a lot, and a lot;
A wee bit of rouge to enhance her complexion,
Made this maiden quite pleased with the mirror's reflection.
While penciling eye-brows, this charmer did sing:
"Oh! Ain't I the cutest, adorable thing?
I'll powder my nose and use lip-stick, indeed,
For a trifle more color is just what I need,
And into my mirror, I'll gaze for a day,
I simply, just simply cannot break away."
Now, if maidens like 'Weenie' need color, I'd say
There's nothing so good as the old-fashioned way
Stead of costly cosmetics, here's the remendy, thanks.
When they reach for the rouge, why, just substitute 'spanks.' —C. R. MILLS.

Miss Drake Closed Home—Mrs. Cross Returned from Rhode Island.

Last Sunday morning, Rev. Arthur A. Callaghan chose his text from Chap. 26 of Acts, giving a very good sermon from the word "Obedience." During the service, a solo "The Master Touches My Heart Strings" was sung with telling effect by W. G. Norton.

Mr. and Mrs. Charles B. Mitchell and Charles B., Jr., from Silver Lake, New Hampshire, were the guests last week of Mrs. Mitchell's parents, Mr. and Mrs. Herman J. Pike.

Miss Lou M. Drake has closed her house and is boarding with Mrs. Gertrude Chapman. A very pleasant arrangement for both ladies.

John W. Garner recently passed his mid-winter examination at the Lowell School of Technology and is home for a week's vacation.

Minerva Cross, who had her adenoids and tonsils removed at the Rhode Island Hopsital, where she was serving as nurse, is able to resume her duties. Her mother, Mrs. Perley Cross, returned home last week.

The birds for the last three or four weeks have been petitioners on the householders' bounty; for some time every tree and shrub had been glazed with ice, even to the snow underfoot being in the same condition. As far as the birds were concerned, their plight was desperate, for everything was under lock and key. No food of any kind and no water. Things were in a desperate strait, one little bird was picked up, apparently dead, but the warmth of a man's hand revived it and in a little while it began to eat. About this time other human beings began to shake off their torpor and realize that they too owed a debt to the birds, soon whole families were interested, until out of the God-given store found in a man's hand will be sustenance enough to keep them alive until the coming of beautiful Spring.

The frozen body of Albert Edwards of Holyoke, Mass., caretaker of summer cottages at Wood's pond, near here, was found late yesterday in his camp. Physicians were unable to determine whether he was stricken with a fatal illness or had died of exposure. The body was found by a neighbor who noticed that Edward's mail had not been taken from his box.

"We have now had the opportunity of using the new Socony Special plus Ethyl gasoline for about one month. We find it to be the best gasoline we have ever used and our cars perform beautifully with it. Not a drop of anything else goes into our Pierce-Arrows or Chrysler demonstrators." —*Amsterdam, N. Y.*

"After making a test of your Socony Special plus Ethyl Gasoline in my Hudson car I am thoroughly convinced as to its merits in absolutely stopping the knock in the motor. Previous to this test the knock was very pronounced in the motor of my car."—*Bangor, Maine.*

"We have been buying Socony Special exclusively and certainly do like it."—*Brooklyn, N. Y.*

"We have used Socony Special plus Ethyl in all Model A cars since this gasoline was put on the market and find that for pick-up, easy starting, economy in operation and quiet motor, we can recommend it to all Model A owners."—*Ipswich, Mass.*

"Your Socony Special plus Ethyl is being used in all my equipment, which consists of one truck and six taxi cars, and we are receiving the best of results from same. I wish to take this opportunity to commend you on having such a fine quality gasoline."—*Westerly, R. I.*

"It lessens gear shifting and eliminates all knocking with an instant pick-up and getaway. I am a great booster for Socony Special."—*Lawrence, Mass.*

"I thought that Special plus Ethyl would be just like all the rest and that, other than the introduction of Ethyl fluid, nothing much could be expected. Imagine my surprise, when I first tried it out. I find that it actually performs far beyond anything I could possibly expect from an ordinary Ethyl gasoline. The mileage I obtain and the power and no-knock qualities are certainly worth the small addition in price." —*Cook's Falls, N. Y.*

"I have used Socony Special plus Ethyl gasoline in two cars since it was put on the market and have had better results than with any other gasoline. With Socony Special plus Ethyl the car runs smooth and sweet and does not seem to form carbon." —*Fall River, Mass.*

SOCONY SPECIAL *plus* ETHYL is the best gasoline

"Coming out of Jackman, Maine, recently, my tank being empty I stopped at a Socony station and filled up with your new Socony Special plus Ethyl. Rather had thought that nothing more could be done to improve my car's performance, but the new gas made that long mountainous trip to The Forks in record time and never a knock on the steepest grade. Will be happy to recommend this fuel to our customers, especially those planning long tours." —*Salem, Mass.*

"Having been a user of your products for the past six years, with very good results, we take pleasure at this time in stating that we are now using Socony Special plus Ethyl and find a very great improvement in the running of our equipment."—*Clinton, Mass.*

"I would like to take the liberty of congratulating you on your new Socony Special plus Ethyl. It certainly works wonders in my car."—*Boston, Mass.*

"No doubt you would like to know my opinion of your new Ethyl gas. To me it is the best yet and I have used other brands since they have been on the market, but Socony seems to have the better pick-up and more real power and personally I am pleased that you have added this fuel to your other dependable products."—*Kenmore, N. Y.*

"I would not take any other gasoline as a gift—other than Socony Special plus Ethyl."—*Colebrook, N. H.*

"My car needed the carbon removed and had a decided knock particularly when ascending hills, but as is frequently the case one neglects for weeks to have this done, so I decided that first I would see what effect Socony Special plus Ethyl might have on my engine in spite of the carbon. Much to my surprise, I could not make my engine knock, no matter how I had abused it. Such a remarkable change together with the greater power was a revelation to me and my enthusiasm prompted me to relate this experience to you." —*Buffalo, N. Y.*

"The writer, on a recent trip through Maine, used Socony Special plus Ethyl, with one exception. At that time he used an ordinary grade of gasoline and noticed his motor knocked tremendously on the hills. After refilling with the Special plus Ethyl, a great difference was noticed."—*Salem, Mass.*

"Due to the fact that I operate 22 trucks and 6 buses I consume approximately 150,000 gallons of gasoline yearly. And it is to my interest to use a fuel that will give the best results mechanically and financially. After trying various brands of gasolines and motor oils I am convinced that Socony Special plus Ethyl gasoline and Aircraft Motor Oil have no equal."—*Amsterdam, N. Y.*

"After having used Socony Special plus Ethyl in my Buick you could not persuade me to use any other. A short time ago I developed a carbon knock which has been entirely eliminated since I have been using the new gasoline. I certainly cannot recommend this product too highly."—*West Roxbury, Mass.*

motorists and thousands of others *find* it so!

"After trying out your new Socony Special plus Ethyl gasoline I have found it to work out excellently in my 1928 Hupmobile. I am certainly shouting for your new Socony Special plus Ethyl."—*Providence, R. I.*

"My experience with the splendid performance of your Socony Special plus Ethyl in my trucks and personal car prompts me to let you know that in this day of fanciful claims for gasoline by various companies it is a pleasure to find that your new product is exactly what you represent it to be in your advertisements."—*Syracuse, N. Y.*

"I have been using your company's Special gasoline for a year and the new Ethyl treated product since it was introduced, with entire satisfaction. As a new car dealer I am interested in obtaining a motor fuel that will produce the best results and have found your new Special gasoline all that is to be desired. It has eliminated detonation entirely and gives an excellent all-around performance in a motor."—*Salem, Mass.*

"For the past two weeks we have been using your Special plus Ethyl gasoline and find a big improvement in the performance of our new Ford cars. We have found it impossible to make a car knock under any condition."—*Winchester, Mass.*

The return game with Conway Center failing to materialize on Saturday, the Lovell Pioneers motored to the Fryeburg Academy gymnasium and played two games with academy and grammar school students. Russell Severance, Norman Allen, Cappy Bell, Tom Sherbourne and Elford McAllister formed a midget combination against Pike, Pitman, Thurlow and Craig, who beat them 8 to 6. Cushman, Henry Severance, George Marshall, Fred Holt and Richard Hamilton played a splendid game against Skillings, Guptill, Illingsworth, Stearns and Dennett, but were beaten 25 to 42. Mr. LeCasce made arrangements and handled the games.

Miss Carolyn Pratt spoke of the work of her sister among the Moslems of Egypt, and Mrs. Pavy gave a vivid description of the life and worship of the negroes of West Africa, among whom her father, the Rev. W. H. Maude, worked for many years as chairman of the Sierra Leone District. She said her father had built a Christian Church on the very spot where a few years before the natives had massacred the whites at Koomassi.

Mr. Ground Hog could not have seen his shadow very early Sunday morning. If he stayed out until the sun shone, perhaps he would have courage to stay all day. Would that give us a good, pleasant winter from now on? Who knows? We think that the few months we have left of winter will tell the tale.

The teacher was kindly allowed a room at Mr. Millett's for the day and scholars and their belongings were moved across the road and the day's work resumed. Mr. Millett tried to get in touch with some member of the schoolb board for instructions, but failed to reach anyone. Takes Exception

John L. Osgood of Fryeburg Thinks Differently Than "Uncle Lem"

In the Fryeburg Reporter of January 30, 1930, we noticed an article by "Uncle Lem." To our knowledge we never had the pleasure of meeting him; whoever he may be, he has a perfect right to his personal opinion, but perhaps this would count for more if he would "raise his visor and reveal his identity"?

Anyone who can give us reliable information as to the qualification of a candidate for office, will find us deeply indebted to him; but anonymous attacks on the character of one seeking office, we consider as cowardly, and evidence that the charges made will not bear the light.

We might take as an example the fact that Ex-Governor Brewster chooses to conduct his campaign from Dexter instead of from Portland. "Uncle Lem" hastens to infer, "Is it therefore any wonder under these circumstances that he should be considered shifty and politically unstable"?

We ask the reader if there is any legitimate relationship between changing the place from which one conducts his campaign, and political unreliability, and we rely on the common decency and honesty of men to give "Uncle Lem" his answer. One reason why we have sometimes incompetent men in office is because the character of good men is defamed by such propaganda as "Uncle Lem's", and the character of secundrels whitewashed, and those elevated to office who are in no way fitted for positions of public trust. This is just the way that bad men get into office. Our "Uncle Lems" have a great deal to answer for. Later on "Uncle Lem," may be greatly surprised to learn that there are many persons having a different opinion of Ex-Governor Brewster, from that which he holds.

We would say: Give us the man best qualified, and most likely to serve not his own, nor his party's interest, but the interest of the people in general. And it should not matter what part of the State he comes from.

It is better to be a partisan of a man, than of a party irrespective of the character of the man who represents it.

Ralph O. Brewster has served our State as Governor for two terms. He did so with ability and distinction. He is a man whose ability has been acknowledged, not only within, but far beyond the borders of his own State. We believe him capable, and deserving of the honor of serving his State as United States Senator, and believe he will do so with credit to her.

"Uncle Lem" says that he wants results. We all want results; we all want taxation lowered, and laws passed and measures taken that will benefit everyone. But can we trust our "Uncle Lem" to formulate these laws for us?

Heard and Seen at Advertiser Office

Sent in: "There was a misprint in last week's Advertiser about me (Pauline Whittemore) playing bridge on Marston street, at the home of Lillian Harrington and would you please put in this weeks paper that I was not there. Thank you. Miss Pauline Whittemore."

Gene E. Andrews of Watertown, Mass., when renewing his paper, sent item showing that the Metropolitan Theatre of Boston took in $66,000.00 for the week of the Amos and Andy show. "Talk about hard times!" says Gene. Yes, and that is one of the reasons for hard times, too.

In the Intelligence Column under Miscellaneous, is a want a little out of the usual. Mrs. Louise Dunham will act as guide in Boston for shopping, sight seeing or amusements or all three. Some years ago she was stenographer in this office. She changed her name by marriage from Daughtry to Dunham. She is capable, of good character and all right in the work she is doing.

A letter from Clifford C. Adams, at Miami, Fla., formerly of Norway, tells about beautiful warm weather with the biggest tourist season for years. He says cars are arriving at the rate of 500 to 600 a day, besides guests by rail and boat. Out of state licenses outnumber the natives by a large majority. Sports are booming with horse racing, dog races every evening, polo at the beach, baseball, boxing matches, bathing, golf and even Tom Thumb golf. We are informed it is God's country, without snow, sub-zero weather, or exasperating coal bills. Certainly it sounds good, but give us the Maine winter without sand fleas or bug bites, physical laziness or mental inertia.

Myron "Twink" Roberts of Roxbury, Mass., and Arthur "Muggins" Higgins breezed into the office Saturday forenoon at 9:45, after a ride of 157 miles in 4 hours and 40 minutes from Roxbury, Mass. Both are ex-Advertiser boys, once in the back shop, and returned to shake hands all around. "Twink" Roberts is pressman with the Globe Ticket Co., while "Muggins," after playing the rolling stone, has settled down with the Tremont Press, in Boston. We learned the sad news that "Twink's" old time Chevrolet has gone to the morgue, no more to jump walls and ditches around Norway and Stoneham. They rode into town in Henry's latest 1930.

The distant big talking "boss", who inhabits 75 Downing Street, Brooklyn, N. Y., when not somewhere else, says:

"Don't spell A. Ward's first name Artemas. It is Artemus. Read my biography and acquire some accurate knowledge. Also tell Squire Whitman that the old revolutionary soldier of Holmes' 'Last Leaf' was Major Thomas Melville, last survivor of the Boston Tea Party, but what is more important, grandfather of Herman Melville, who wrote Typee, Omoo and Moby Dick, to say nothing of a dozen other rare items, all of which I am familiar with. The Old Major was in command at Nantucket and in Rhode Island with the artillery until 1778, when he resigned. He continued to wear knee britches and a cocked hat—not uniform—until his death and was an object of great interest in Boston."

January Temperature

In spite of some ten mornings with subzero weather at the close of January, the month's average for 6 a. m., held about to the mark recorded in the three previous years.

Comparatively mild temperature from the 1st until the bottom dropped out on the 20th saved the average from reaching the low mark of 1927 when the mean was a trifle over 9 degrees.

There were no high winds during the cold period and the depth of snow was sufficient to protect water pipes. Aside from the opening days, January proved to be ideal, with just the bracing air to hold the snow for outdoor sports and lumbering.

7 out of 10 Headaches are Caused by Eyestrain

Countless persons—like yourself—suffer nerve-racking headaches; losing steadily from their health reserve.

And why?

In seven out of ten headaches, the cause is eyestrain. Some authorities say more. In any event, one remedy for headaches is clear:

Home Mixtures---

Do not experiment with home mixtures. Any reliable Chick Starter is better than a home mixture. It would be suicide for any business to put out an inferior product.

Follow the example of your more successful poultrymen, they are all feeding:

Wirthmore's Baby Chick Starter

Containing

Cod Liver Meal --- Buttermilk

A starter that is more granular. Wirthmore's Baby Chick Starter appeals to every poultryman as it contains all the essentials necessary for producing quick, healthy growth, in a palatable form. If you purchase your chickens, do not send out of the state for them. You can get just as good chickens from accredited stock right here at home. The best assurance that they will be strong and healthy is that they come from stock that is Wirthmore fed.

Among them are more than a dozen blue jays, both the hairy and the downy woodpeckers, a small flock of tree sparrows and the nuthatches. Sunday forenoon a large flock of pine grosbeaks visited them and fed from something they seemed to find among the branches of a juniper tree, directly in front of their kitchen windows. Earlier in the season they received two visits from a small flock of evening grosbeaks. Last winter they had a large flock of chickadees, but for some unknown reason, not a chickadee has come to their feeding station this winter.

DON'T GET UP NIGHTS

Rev. D. Lee, Portsmouth, N. H.

Says, "Come or write to 101 Crescent Way and I will tell you how in a short time the bladder irritation was relieved by Lithiated Buchu (Keller Formula). My case was of long standing and painful. Was bothered 4 or 5 times each night." It acts on bladder as epsom salts do on bowels. Drives out foreign deposits and lessens excessive acidity. This relieves the irritation that causes getting up nights. The tablets cost 2c each at all drug stores, Keller Laboratory, Mechanicsburg, Ohio, or locally at L. V. Ashton's, Druggist.

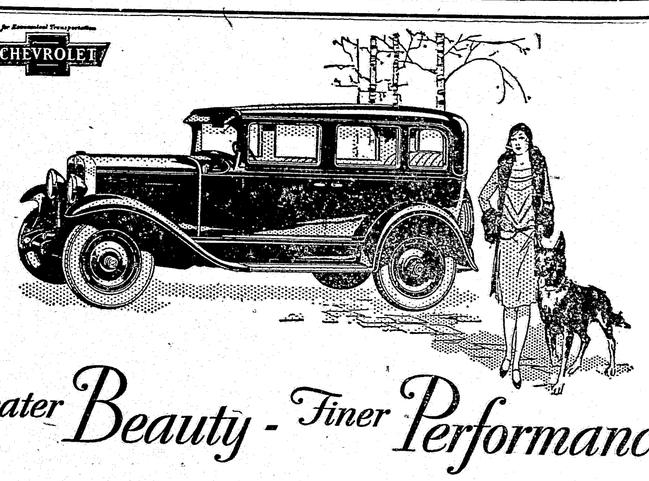
CHEVROLET



Greater Beauty - Finer Performance

Never has a Chevrolet car won greater praise for its appearance than the new Chevrolet Six. Its new Fisher bodies reveal in every detail the artistry that has made the Fisher name famous throughout the motor car world. In beauty of line and color, in balance and harmony of design, they represent one of the greatest style triumphs in Fisher history. Upholsteries are richer and more durable. The instrument panel carries a new and more attractive grouping of the control instruments. Seats are wider and deeper. In fact, not a single feature has been overlooked that would add to the comfort and convenience of both driver and passengers.

In addition to its new beauty, the new Chevrolet Six represents a remarkable advance in every phase of performance. Its improved six-cylinder valve-in-head engine has been increased to 50 horsepower—giving faster acceleration, and greater reserve power. Steering has been made safer and easier. Four Lovejoy hydraulic shock absorbers provide exceptional riding comfort. Fully enclosed, internal-expanding, weather-proof brakes give positive braking control. And numerous structural improvements add to the car's dependability, endurance and long life. Come in today and see this car. And remember, it is now available—

Cummings Letter

R. L. Cummings of West Paris Gives Views on Several Congressional Matters

I see that both of our senators from Maine voted to increase the duty on sugar. Of course that is done so that every time we use the sugar spoon it may cost us a little more. In this matter, as in nearly all other matters, they are faithful followers of Senator Read Smoot of Utah, the acknowledged leader of our Stand-pat Republicans, who, when he was elected, had his seat contested on account of his plurality of Mormon wives. I think he explained that he had made suitable disposition of them, so he was allowed to enter. He afterwards made himself very useful to the Wall Street and Standard Oil interests, so that all his sins were forgiven. They raise sugar beets in Utah so of course our senators would vote for the people of Utah and not for the people of Maine.

I wonder if our Representative White from our second district is taking any active action in regard to the much needed action regarding the O'Fallon Railroad case. This case on this little railroad is in about the same position as the noted Dred Scott case. Some may have forgotten that Dred Scott (a slave) was taken into Illinois and held there as a slave and then taken back into a slave state. The noted decision of the U. S. Supreme Court was that Dred Scott could be taken into a free state and held there as a slave. Abraham Lincoln said that decision, if upheld, had made every state a slave state.

In this O'Fallon railroad case, the Interstate Commerce Commission had rules that as a basis for rate making the valuation should be largely on the basis of actual investment. This ruling was a victory for the public in establishing the principle that the public should not be obliged to pay rates to pay dividends on watered stock and inflated values.

The Supreme Courts' decision in the case held that the commission had not followed the rule laid down by Congress. The I. C. C. has in the past declared that to base valuation of public utilities on reproduction costs would add $30,000,000,000.00 for people to pay rates upon. Do we want the way laid wide open for enormous increases in transportation rates?

Justice Brandise in his dissenting opinion in a similar case, concurred in by Justices Stone and Holmes, would give a fair return on actual investment.

A measure is now before Congress to have this defined as the proper basis of valuation for rate making.

Which would you rather have our representatives work for, actual investment in all public utilities as a basis for rates for us to pay, or open wide the door for an addition of $30,000,000,000.00 for us to pay on whenever they may call for it?

Would it not be well for them to occasionally explain these matters to the public? Mr. White has been there a long time. Did he ever do such a thing?

He is now chairman of the Committee on Merchant Marine and Fisheries yet in all this time I have never heard him protest against the extortionate rates we have paid for the transportation of our goods to market. These rates include the rate of from 90c to $5.00 per bbl. that we have been forced to pay for carrying our apples across the water to the English ports, where for 20 years they were carried for 37c to 75c per bbl. Is this the sort of service for which we should promote him to the U. S. Senate?

Cummings Letter

R. L. Cummings of West Paris Gives Views on Several Congressional Matters

I see that both of our senators from Maine voted to increase the duty on sugar. Of course that is done so that every time we use the sugar spoon it may cost us a little more. In this matter, as in nearly all other matters, they are faithful followers of Senator Read Smoot of Utah, the acknowledged leader of our Stand-pat Republicans, who, when he was elected, had his seat contested on account of his plurality of Mormon wives. I think he explained that he had made suitable disposition of them, so he was allowed to enter. He afterwards made himself very useful to the Wall Street and Standard Oil interests, so that all his sins were forgiven. They raise sugar beets in Utah so of course our senators would vote for the people of Utah and not for the people of Maine.

I wonder if our Representative White from our second district is taking any active action in regard to the much needed action regarding the O'Fallon Railroad case. This case on this little railroad is in about the same position as the noted Dred Scott case. Some may have forgotten that Dred Scott (a slave) was taken into Illinois and held there as a slave and then taken back into a slave state. The noted decision of the U. S. Supreme Court was that Dred Scott could be taken into a free state and held there as a slave. Abraham Lincoln said that decision, if upheld, had made every state a slave state.

In this O'Fallon railroad case, the Interstate Commerce Commission had rules that as a basis for rate making the valuation should be largely on the basis of actual investment. This ruling was a victory for the public in establishing the principle that the public should not be obliged to pay rates to pay dividends on watered stock and inflated values.

The Supreme Courts' decision in the case held that the commission had not followed the rule laid down by Congress. The I. C. C. has in the past declared that to base valuation of public utilities on reproduction costs would add $30,000,000,000.00 for people to pay rates upon. Do we want the way laid wide open for enormous increases in transportation rates?

Justice Brandise in his dissenting opinion in a similar case, concurred in by Justices Stone and Holmes, would give a fair return on actual investment.

A measure is now before Congress to have this defined as the proper basis of valuation for rate making.

Which would you rather have our representatives work for, actual investment in all public utilities as a basis for rates for us to pay, or open wide the door for an addition of $30,000,000,000.00 for us to pay on whenever they may call for it?

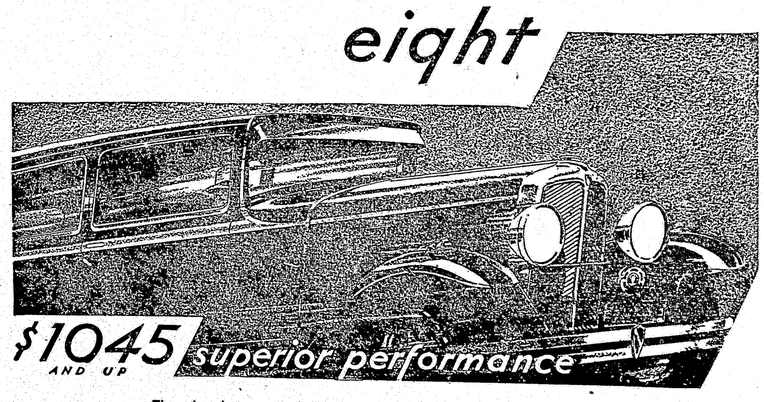
New yet sixteen years old!

GENERAL MOTORS' *lowest-priced eight*



$1045 AND UP *superior performance*

The development of the New Oakland Eight in reality goes back sixteen years. Several of the engineers responsible for its design participated in the production of General Motors' first eight, in 1914. Their extensive knowledge of eight-cylinder engines has resulted in a car of remarkably sound basic design, as well as one which has many advanced features. ¶ Its 85-horsepower engine develops one horsepower for every 37 pounds of car weight. This explains why few cars are as fast—why few, if any, can climb hills so quickly or accelerate so swiftly in traffic. Those who have driven it know how well it merits the description, "the car with superior performance." ¶ The New Oakland's power plant is also exceptionally smooth. Its inherent eight-cylinder smoothness has been increased by a complete down-draft fuel system—new type cylinder heads insuring uniform combustion—laminated steel spring and rubber engine mountings. ¶ Considering its superior performance, exceptional smoothness and the beauty of its new Fisher bodies, the New Oakland Eight is very moderately priced. Thus many who have wanted to own a fine eight-cylinder automobile will find it a car of unusual appeal. Come in and drive it today.

Activities of Helping Hands Class—Original Play Presented—Whitman Taken to State Hospital—Flavin Received Appointment—Basket Ball Score.

The Helping Hands Class of adult ladies of the United Parish church school, held their installation at the chapel, Wednesday evening at 8 p. m., after the regular prayer meeting, which was held at seven. The following members were installed into their offices by Mrs. Minnie Day, a past president, who acted as installing officer, assisted by Clara E. Berry, who decorated them with their insignia and emblems of office:

Pres.—Mrs. Alice Ross.
Vice Pres.—Mrs. Edna Williams.
Sec.—Mrs. Martha Noyes.
Treas.—Mrs. Elnora Bane.
Teacher—Miss Ella Z. Berry.

The installation prayer was offered by Mrs. Elizabeth Smith. A special program was given. Refreshments of sandwiches, cakes, cookies and hot chocolate were served and a social hour was enjoyed by all. The H. H. C. are a live and energetic class and every member is a live member. They have been especially busy this winter, sewing and cooking. Many calls have been made to the sick and shut-ins and little gifts of reading material and cheery words left to brighten the day.

The play, "A Trip to the Moon", which was presented at Good Will Hall, Monday evening, Jan. 27th, was an original play by Eileen Pratt, a West Paris high school girl and was presented by six young girls, three of them taking the part of boys and were Evelyn Hollis, Zilpha Barrows, Geraldine Crawford, Elnora Curtis, Gertrude Mann, Maxine Crawford. The specialties were given by the same group of girls: piano solo, Gertrude Mann; duets, Evelyn Hollis, Zilpha Barrows; piano solo, Gertrude Mann. The play was very pleasing and pretty. A social followed with ice cream, candy and pop corn on sale. The proceeds were divided between the Y. P. C. U. and the Universalist Sunday school.

The junior class of West Paris high school have selected the four act drama, "The Ghost Bird" and have the play under rehearsal with Harry Jacobs as coach.

Fremont Whitman was taken to the State Hospital at Augusta, Wednesday, Jan. 29, by Dr. Kay in his auto. Mr. Whitman has been ill several weeks with a nervous breakdown and his mental condition had become serious. He has been foreman on the G. T. R. R. section for a number of years and was a hard working man.

Arthur T. Flavin, who has been visiting his parents, Mr. and Mrs. R. T. Flavin, for the past six weeks, has been appointed American Vice Consul at Leghorn, Italy, and left here Monday afternoon by train for New York City, from where he sailed Wednesday, Feb. 5th. This will make forty-three times he has crossed the Atlantic ocean. Previous to this he served the Government for three years in Italy and before that he spent a year in Japan, but the climate did not agree with his health.

Hon. and Mrs. Leslie E. McIntire's Golden Wedding

By C. F. Whitman

It was the good fortune of the writer to be able to be present, extend congratulations and take part in the exercises at the fiftieth anniversary of the wedding of Hon. Leslie E. and Mrs. Edith (Sawin) McIntire, at their beautiful and commodious home at East Waterford, Saturday, Feb. 1. It was altogether appropriate that this should be so, for fifty years ago Rev. J. A. Seitz, pastor of the Universalist Society of Norway, who had been selected to perform the marriage ceremony, invited me to go with him to Mr. Thomas Sawin's near North Waterford village, where it was to take place, and which I accepted and was a witness to what took place there. Mr. and Mrs. Sawin, Mr. and Mrs. McIntire, parents of Leslie E. and the officiating clergyman have passed to the higher life, leaving only the bride and groom, a younger sister, Alice, then twelve years of age, and Hon. Bertrand G. McIntire, who is her husband, with myself, who were present at the ceremony. The family were therefore very anxious that I should be with them at the golden wedding anniversary and I was glad not to disappoint them. The Stars and Stripes were displayed at my home in honor of the occasion.

Half a century ago I rode with Rev. Mr. Seitz in one of John M. Cummings' stable teams. Saturday, I went in one of Bud Merrill's sedans with a very careful driver. The wind came down from the snowy peaks of the White Hills of New Hampshire, snappy and cold, but we didn't feel it, for it was warm and comfortable in the closed car.

There were a large number of people already assembled when we arrived and they kept coming for more than an hour afterwards. They finally filled all the rooms on the ground floor. I did not count them, but judged there must have been first and last, some hundred and fifty people, with the children, present.

The oldest person was Harlan P. Brown of Norway, verging toward ninety, but hale and hearty. He attributes his good health to not being lazy, but had he been for a period in a hospital, where he had undergone a serious operation by which his life was threatened, he might not feel quite so frisky.

The youngest one was a somewhat recent arrival in the family of Glenn R. McIntire of Norway, a nephew of Leslie E. McIntire.

That fine citizen, good farmer and strong prop in the Grange, Charles S. Hamlin of South Waterford was there. From the time "beyond which the memory of man runneth not to the contrary", he has upheld the spiritual end of the Pomona Grange in the county as its chaplain. Long after I've passed away may he live to stand at his post of duty. He is one of my best and most valued friends.

Charles A. Frost of Norway was on hand to offer congratulations and listen to the proceedings. He had done much carpenter work on the buildings in times past, in fact built them, and experienced what "McIntire square dealing" handed down from father to sons, means. He was present at the fiftieth wedding anniversary of Mr. McIntire's father and mother.

Hon. Charles L. Bartlett of Norway, formerly of Stoneham, too, was present. He desires, I understand, to succeed himself as a member of the board of County Commissioners. Like his father, Jonathan Bartlett, founder of the industries of the little village of East Stoneham, for whom I had a very warm regard; he is a very efficient officer and should be re-elected. Others who aspire to this position can afford to wait, when they will gladly be supported.

Arthur Tucker was also there. He is the able manager of the corn factory, which has been built near what fifty years ago was called "Rice's Junction". He is a fine representative of the Tucker race.

There too, was Harold Pike of Waterford, grandson of that good citizen, Seth Pike, who once lived on Pike's Hill. He is prominent in the Grange and frequently installs the officers of subordinate granges. He is one of Mr. McIntire's proteges—has a sharp eye, a good delivery and is "quick on the trigger"—a fine young man.

Eugene O. French, living in the vicinity of the Chapel in Norway, came to offer his congratulations. He is one of Norway's best farmers and citizens and a worthy son of a good father and mother.

Charles Saunders and Charles Kimball of Bridgton, who were formerly citizens of Waterford—both good citizens—came from their distant homes to extend their regards and best wishes.

Cad Pride of East Waterford was present with a young grandson—a Foster, whom he evidently was very proud of. The youngster was also a grandson of a cousin of mine.

Among the ladies whom I knew were Mrs. Charles L. Bartlett, Mrs. Col. A. J. Stearns, Mrs. Annie Brown, Mrs. Ethel L. Abbott, Mrs. Maude Decoster of Norway and Mrs. Lillian (Johnson) Pride of East Waterford. The last mentioned was one of my best teachers in the Norway schools nearly fifty years ago.

As I contemplated the commodious and finely furnished home with its splendid situation, named "Greenfields"—the broad acres, the pure water from the spring upon the hillside; their ample possessions; the fine outlook with the snowy peaks of the mountains far in the distance rendering it all an ideal place in which to live; Mr. McIntire's usefulness to the farmers of Maine, his wife's wise and patient labor in performing her duties, their general good health, their children—a son, capable and prominent in affairs, his partner in business, and a daughter, accomplished and a beauty, both well settled and near—with their grandchildren growing up around them and promising to listen to their parents' and grandparents' teachings and follow in their footsteps; I felt that the blessing they received fifty years before that I had heard from the ablest preacher of his faith that I have known, had borne ample fruit and such as is seldom experienced in any household.

The daughter, Mrs. Lulu G. Pinkham, took charge of the exercises and thanks to her good management everything went smoothly without the slipping of a cog. She read a poem entitled the "Logbook of the Wedding Skiff", composed for the occasion by Ellen M. Davenport. It was very appropriate as will be seen by its perusal. The next item on the program were remarks by the writer. Mrs. Gladys (Abbott) Greenleaf had two stanzas of poetry on a card, with a rainbow upon it with a cluster of sunkist flowers at its end. Next were several selections of songs by a trio composed of Rev. Mr. Wentworth of North Waterford, George Kimball and Mr. Button, which fairly took the people by storm. Then Mrs. Annie Brown gave a fine recitation and for encore a pretended conversation with a party over the phone, which was very finely acted and loudly applauded.

Rev. A. C. Townsend of Waterford Flat made a little talk appropriate to the occasion and read a poem entitled "Love and Time". The good man is an easy speaker with a fine streak of humor and if he is as able a sermonizer as he is a poet, he must be a very useful man to the good people of Waterford Flat.

Mr. McIntire, in a few well chosen words, expressed his gratification at the successful carrying out of the program and his thankfulness for the regard shown himself and wife by his old neighbors and friends from near and far, by their presence and their bountiful gifts.

Refreshments of cake, coffee, etc., were then served. There is no need to state that the supply of good things was more than sufficient for all old and young. Mrs. L. E. Holsten presided in the kitchen and had for waiters Misses Rose, June, Pauline and Eva Howe, Elizabeth Walker and Mary McIntire.

The presents were very numerous and among these were a large number of gold pieces. There were some eighty gifts from Mr. and Mrs. McIntire's old neighbors and townspeople. They were too great in number to mention here. I could not help thinking, however, that the best of all was the high regard, the marked respect and the sincere affection of the people who knew them best, had for Mr. McIntire and his good wife.

The Logbook of the Wedding Skiff

We had a permit,
And we thought we were "It,"
There was nothing we did not know,
So we hoisted our sail
In a favoring gale,
Fifty historical years ago.

Hope stood at our wheel
As the wedding bells' peal
Echoed most wondrously,
And the clouds of night,
In the morning light,
Vanished across the sea.

And then, by and by,
We read in the sky
What we were going to do.
A cargo we'd land
In the ship on yon strand,
So soon to be ours, we knew.

We sailed along
With laughter and song,
And many a craft passed by,
And Hope's clear song
Cheered us ever on,
Over the bright sea merrily.

Soon we came to note
A little white boat
Rocking helplessly, to and fro,
And another drew near,
With no guide to steer,
Not knowing the way to go.

"O guide us," they said,
"Give us strength and aid!"
So we bound them with shining bands,
And Hope never failed
As onward we sailed,
For Love gave skill to our hands.

As they sailed by our side,
We tried ever to guide
In the safest and surest way,
And from the wrong track
We called them back,
Many and many a day.

The moontide grew dark,
And with clamor, our bark
Tossed on the storm waves tide;
A spectre one day
Said, 'I've come to stay!
I am Sorrow, with thee to abide."

Then the sky overhead,
Darkened with dread,
Stern Duty, and Care, and Pain,
Brought tasks to our feet
That we could not complete,
In the pitiless chill of Life's rain.

But those storms that we feared,
The sunshine has cleared,
The sea has grown calm, and we rest,
Each hand in the hand
That we understand,
We are facing the glorious West.

So we'll linger awhile,
And watch with a smile,
The beckon of Hope's white hand;
And as night draws near,
Calls from shore we hear,
For we're some day going to land.

All mistakes and fears
Are gone with the years,
Healing Peace brings rest and sleep,
A new life is ours
In the evening hours,
For the Lord our souls will keep.

—ELLEN M. DAVENPORT.

The Pot of Gold at the Rainbow's End

I searched for a heaping pot of gold
At the foot of the rainbow gay;
The gold I found was a wish sincere,
For this Anniversary Day.

You know the gold at the rainbow's end,
Is a thought of sunkist flowers,
May your future be filled to the brim
With Golden, Sunny Hours.

—GLADYS ABBOTT GREENLEAF.

Love and Time

How old is Love when Love is old?
I asked of earth and sky;
"Love never faileth." I was told,
The timeless cannot die.

The brook grows wider as it flows;
It deepens toward the main;
The ocean sends the rains and snows
To fill the brook again.

So Love, to those who love in truth,
Grows richer with the years;
Its fountain of immortal youth
Dissolves our doubts and fears.

Let furrows come upon the face;
The heart will still be fair.
If Love has traced in lines of grace
Its mystic symbol there.

The furrowed field will harvests yield;
The fallow naught but weeds;
Love sows good seed in life's plowed field,
For crops of golden deeds.

Let snow upon the temples rest,
It cannot quench the flame
That Love has kindled in the breast,
And time has kept the same.

The snows that cover hill and plain
More bounteous harvests mean;
When spring returns to earth again,
And all the world is green.

Our greetings to you, groom and bride,
Who here as man and wife
For half a century, side by side,
Have tilled the fields of life.

No gold of earth has half the worth
Of this, your meed of toil;
With joy ye re-create the earth,
Ye tillers of the soil.

May Love give diamonds here to you,
All set in true love's gold,
Ere we shall say, or think it true
That you are growing old.

Old age! We do not find it in
The lexicon of Love;
For length of days can but begin
What grows for aye above.

May God's rich blessing on you rest,
And in your home abide;
May Love make life's last years the best,
And keep you Groom and Bride!

—A. C. TOWNSEND.

"A SOLDIER'S SWEETHEART"

The play, "A Soldier's Sweetheart", to be presented at the Opera House, Feb. 27th, under the auspices of the Lake Temple Pythian Sisters, is a delightful World War romance adapted for the stage by A. E. Thomas from the book, Arizona.

The mention of Arizona brings to mind its presentation here, twenty-two years ago, under the direction of Chester E. Olcrich, (Jack) scoring a great success. The uniforms worn at that time were of the old blue color, then government standard equipment. The play in its present form has had many changes. Uniforms worn are of the present style and the story with all its thrilling little scenes, takes place just prior to the World War, when eyes of all nations were upon the U. S. A.

The play is under the personal direction of W. J. Flanders. Following is the cast of characters.
